Trustees Approve New Smoking Policy

“SMOKING WILL BE ALLOWED ONLY IN DESIGNATED AREAS” after July 1, 1992. This resolution was approved by the BCCC Board of Trustees at its regular meeting on Tuesday, December 3, 1991.

A draft campus smoking policy was presented and approved by the Trustees after extensive discussion regarding student, faculty, staff, and community interests. The new policy prohibits smoking except in outside areas; student lounge areas in Buildings 1, 2, 3, 4, and 8; the Smokers Dining Area in Building 5; the Reception Area of the Cosmetology Lab; and in private offices under certain conditions.
