25th Anniversary Planning Begins
Planning begins to celebrate BCCC's 25th Anniversary and the new building dedication

BCCC was chartered on December 7, 1967, by the State Board of Education and 1992 marks 25 years of successful service to our community. In addition, the proposed completion date for the new Continuing Education and Community Services Center (building 8) is April 14.

Dr. Champion has appointed a planning committee, co-chaired by Bob Smith and Ted Kummer, to develop events for the celebration of the College's anniversary, and to dedicate the opening of the Continuing Education and Community Services Center (building 8). Preliminary planning for the celebrations began when the co-chairs met on February 10 with committee members Betty Cochran, Marvin Daugherty, Janice Daughtry, Lola Doty, Betty Ferrell, Betsey Lee Hodges, Becky Hylant, Jimmy Page, Jack Pyburn, Harold Smith and Tony Taylor. In addition, one member of the Board of Trustees and one director of the Foundation Board will serve on the committee.

This celebration will be an opportunity for faculty, staff, and students to show the quality of Beaufort County Community College to our families, friends, and to the general public.

Improve Your Scores
The BCCC Learning Lab is a place where one can come to learn. Every student who comes to the Learning Lab is an individual with special needs and desires to improve his or her education. Because of its individualized instruction, learners are able to see their progress daily. This in turn builds self-esteem and confidence.

Whether a student needs help in reading, literature, composition, math or would like to obtain a GED, the Learning Lab can help individuals improve their scores. The lab is also available to anyone who would like to learn a foreign language, learn English as a second language, or upgrade their
