"WELCOME TO BCCC"

The Student Support Services staff extends a warm “welcome” to new students, faculty and staff, and a “welcome back” to returning students and faculty. You are invited to drop by the Student Support Services (SSS) offices in the lower level of Building 5 to meet the staff and discover more about the services provided.

Student Support Services provides special assistance to eligible students at Beaufort County Community College (BCCC) to help them achieve their goals. Eligible students are first generation college students who have an economic need, or have a permanent physical or learning disability and have an academic need.

SSS supports the overall goals of the College by helping students attain academic, social, and personal success. Assistance is available to help upgrade basic language and math skills. Peer tutors and academic tutor specialists provide assistance with specific college courses. Staff counselors provide academic, personal, and career counseling. Computerized career interest inventories and printed resource materials are available to help students make decisions about careers and life planning. College transfer assistance includes admissions information, skills development, and campus visits.

Each student is counseled to use the resources of the Financial Aid Office at the College and encouraged to utilize the printed and computerized resources available for other scholarship
