North Carolina Libraries and Virtual Education

The Beaufort County Community College Library is participating in a new statewide electronic library project called North Carolina Libraries and Virtual Education (NC LIVE). The project is a collaborative effort to provide equal access both to electronic information and print resources available in libraries throughout the state. Each participating library will serve as a gateway to resources, giving all North Carolinians equal access to information that is essential to success in today's world.

Organizations participating in NC LIVE include libraries within the North Carolina Community College System, those within the University of North Carolina System, the State Library, 75 public libraries, the North Carolina Center for Independent Higher Education, and 36 private academic libraries. NC LIVE makes it possible to:

* provide every North Carolinian access to a wide variety of resources
* work with librarians in various organizations to provide improved services
* provide training for library staff members
* lower the cost of licenses for electronic resources by using the negotiating power of the entire state.

The BCCC Library is open to students and the general public Monday through Thursday from 8:00 a.m. until 10:00 p.m., Friday 8:00 a.m. until 4:00 p.m., and Saturday 9:00 a.m. until 2:00 p.m.
