Spring Fling is Held on Campus

The Student Government Association (SGA) at Beaufort County Community College held its annual Spring Fling on April 30. This year's event was highlighted with a barbecue lunch, the student gospel choir, volleyball, a putt-putt course, a trampoline booth and a gladiator jousting ring. More than 300 students enjoyed the sunny afternoon and the camaraderie of their fellow students. Ticket sales and a portion of the students' activity fees funded the event. SGA advisor Sue Brookshire stated, "The students always look forward to the Spring Fling. It is a great way to wind down the school year and relax after several weeks of hard work and test preparation. For the first time in several years, we were blessed with good weather."
